Training Bulletin

BAIT CAR PROGRAM

2015-02

February 2015

Purpose

Why issue this training bulletin?

To ensure all Department personnel are informed and educated on the Cincinnati Police Department's Bait Car Program.

References

Cincinnati Police Department

- Procedure 12.535 – *Emergency Operation of Police Vehicles and Pursuit Driving.*
- Procedure 12.555 – *Arrest/Citation: Processing of Adult Misdemeanor and Felony Offenders.*

Information

The Bait Car Program was initially developed by the Ohio State Highway Patrol and is utilized statewide by various Ohio police agencies. The program is designed to provide police agencies with an investigative strategy conducive to limiting the number of auto thefts committed each year in the State of Ohio.

The Ohio State Highway Patrol and the Cincinnati Police Department have entered into a partnership to institute the program Department wide. The Bait Car Program is funded by the State of Ohio in partnership with Nationwide Insurance.

Sergeant Tracy Callahan of the Ohio State Highway Patrol is the program's administrator and should be contacted for deployment of the bait car. His contact information is:

Sergeant Tracy Callahan
Ohio State Highway Patrol
9971 Cincinnati-Dayton Road
West Chester, Ohio 45069
(W) 513-502-1842

The Ohio State Highway Patrol has five bait cars of which two cars are designated for use in the Southwest Ohio region. Each bait car is equipped with a Fleet Tracking System (GPS location device) and a Digital Video Recorder (DVR).

The Fleet Tracking System has the capability of remotely disabling the vehicle's engine and locking the doors from the inside. The DVR is located in the interior of the vehicle and utilized for suspect identification.

Bait Car Video

District commanders or their designees are authorized to initiate the use of the bait car. The bait car should be utilized within Cincinnati Police District boundaries and in areas which have shown a pattern of auto theft offenses (not drug related incidents).

Deploying the Bait Car

District commanders will contact Sergeant Tracy Callahan and discuss the need and strategic placement of the bait car. Sergeant Callahan or his designee will place the car at the desired location. If necessary, the car can be placed by a CPD officer. Sergeant Callahan will notify the Cincinnati Emergency Communications Center (ECC) of the location. The bait car will be parked in the following condition:

- 1) **Parked in a parking lot, unattended, with the vehicle's keys in the ignition (preferred method), or**
- 2) **Parked on a public street, unattended, with the vehicle's keys left somewhere in the vehicle, but not in the ignition.**

Theft of Bait Car

As soon as the bait car is stolen, the vehicle's Fleet Tracking System sends an email and text message alert (real time with a five second delay) to Sergeant Callahan's mobile communication device. Sergeant Callahan will notify the ECC of the bait car's theft by telephone. The ECC will initiate a broadcast to the affected district(s) and code the incident: "**AUTO**" with "**Bait Vehicle Theft**" in the text." Sergeant Callahan will maintain contact with ECC personnel throughout the incident in order to provide the officers pertinent information and assistance.

Police Officers' Actions

When the officer(s) are behind the vehicle, they will notify the dispatcher to have Sergeant Callahan shut down the bait car's engine. Sergeant Callahan will activate commands on his tablet that locks the doors and kills the engine (13 second delay). The vehicle still has power steering and power brakes when these actions are taken. Hidden, motion activated cameras inside the vehicle film the front seat driver and passenger.

Officers should not initiate a traffic stop (lights/siren) until there is clear evidence the vehicle's engine has been shut down and the vehicle is coming to a stop. This will prevent a vehicle pursuit from ensuing. In the event the system fails to shut off the engine, **officers are not to pursue the vehicle.**

Officers should initiate a felony traffic stop on the bait car. Once officers are in place, they should notify dispatch to have Sergeant Callahan remotely unlock the vehicle's doors.

Securing the Bait Car

Once an arrest is made and the scene is stabilized, Sergeant Callahan can remotely start the vehicle's engine. Officers should drive the vehicle back to their district lot and leave the keys at the front desk.

- Charge all bait vehicle theft operators with **Ohio Revised Code 2913.02 Theft of Motor Vehicle (F4)**.
- When completing the Case and Bond Information Sheet (527A), list **Sergeant Tracy Callahan, Ohio State Highway Patrol**, as needed for court.

The enforcement action contained in this training bulletin does not supersede any directives, procedures, or rules and regulations as set forth by the Cincinnati Police Department.

Conclusion

The Bait Car Program is designed to assist law enforcement in being more effective and efficient in the area of auto theft investigations. The Bait Car Program is a resource that is available for use in areas with a demonstrated recent increase in auto theft offenses, or in instances where a clear pattern of auto theft offenses is occurring.

The program increases the safety for citizens, police officers, and offenders. Additionally, it reduces the amount of manpower needed to monitor such investigative activities. Ultimately, it is believed the program will reduce the number of auto thefts in our Cincinnati communities.

Dear Chief Blackwell,

It was a genuine honor to personally meet you in the hospital during the last days of Specialist Robert Dale McGuire. There is never a week in your schedule that is normal and that does not demand special attention from you as Chief. None of us can image how busy your schedule is. Last week when the department lost two of its officers on the same day, I saw you take time to visit the hospital twice, attend a visitation, and attend a funeral. I was so impressed to see your personal touch and compassion for your officers. Your humble presence (you came without fanfare and sat among your officers) demonstrated that your attendance was not for recognition or publicity or personal gain but to care for the family of one of your officers. The family will never forget your kindness nor will the people who observed it.

Every officer I came in contact with was an exemplary representative of the Cincinnati Police Department. The people of Friendship Baptist Church took notice and have shared openly their heartfelt support of our (your) Police Department.

Thank you for all you do for our officers and our community.

Sincerely,

Gary L. Jackson, *Pastor*

Dear Chief Jeffery Blackwell,

I am writing this letter to show my gratitude and deep appreciation to the men and woman who have committed themselves to protecting our communities.

I more specifically feel it is important to recognize ***Captain Jeffery Butler of District 2***, whom exceeded my expectations by portraying high standards of integrity and professionalism while on a Citizen Ride-A-long.

In the past, I have had many other opportunities and experiences of taking a citizen ride-a-long with beat officers in my neighborhood in District 4. However what I experienced during this time, gave me an entirely different outlook and understanding of how Commanders must do their every day job to ensure our safety.

This experience gave me a fresh perspective and a new founded respect for law enforcement. Captain Butler displayed remarkable leadership and communication skills. He was tactful and informative when interacting with the people he had contact with throughout the evening. He treated others with dignity and respect, as he dealt with various challenges. I was most inspired by his time management skills and his capability to prioritize multiple tasks in order to maximize efficiency with each run for service. It was a learning experience to witness his ability to effectively lead and direct others under his command.

His years of experience serving on the force, knowledge and history of the City are quite impressive. Not to mention, his interesting stories and his excellent sense of direction while navigating me through so many different unfamiliar City neighborhoods.

Watching Captain Butler perform his duties in 6 hours made me a proud citizen, most importantly I felt completely safe as he showed complete competence. With that being said, there were a couple calls for service that evoked feelings of sadness for me as an observer to watch individuals and a family that were victims of crime. Yet, I greatly appreciate being given this opportunity.

I believe more Citizen's should be encouraged to take a ride-a-long in their community. They will be more aware and learn for themselves what the heroic and dedicated officers really do to protect our City.

Best regards,

Michelle Baxter

RE: Appreciation for the Work of Sargent Dammert

Dear Captain Neudigate

I was serving as on-call chaplain at Cincinnati Children's Hospital the evening of May 1, 2014 when an infant was brought to our Emergency Department at approximately 2020 and subsequently died. Also present at that time was Sargent Dammert and other officers from District 5.

I would like to express my appreciation for the work of Sargent Dammert and the other officers and detectives who were here. In particular, Sargent Dammert managed a very difficult situation with professionalism and sensitivity. His calm presence, empathetic engagement and direct sincerity allowed him to effectively engage with parents who were understandably deeply distraught, thereby accomplishing the work he needed to do without provoking further distress.

I have long been mindful that our public service personnel have challenging jobs which place them in a wide range of situations, each of which calls upon them to find the situationally-appropriate 'ideal' balance between authority and empathy, force and grace. This evening I witnessed the District 5 team, under Sargent Dammert's leadership, find that ideal balance.

My heartfelt thanks to all of you who keep watch and keep the peace.

With gratitude,

Subject: Thank you

Captain Neudigate

Several members of my unit and I just returned from meeting with Sergeant Ryan Smith at District 1 in reference to your agency's research on body worn cameras. We found the study and evaluation very comprehensive and I look forward to delving into it further in the next coming weeks. I am certain we will find it useful in helping us get on board with this technology.

Sergeant Smith gave us a great welcome and really took the time to answer a lot of our questions. I would like to extend my appreciation to you, Sergeant Smith and your CPD for sharing this valuable insight with us.

Thanks again

Dear Members of the Police Department,

I would like to start off by graciously thanking everyone who donated time off to me in a very serious time of need. Words cannot explain my gratitude and because of you all, I now have a job to return to upon healing from surgery. Today is my third day back and once again I am reminded of how grateful I am to still have a job and be a city employee. It would not have been possible had it not been for my incredible mother Gloria spreading the word to anyone willing to lend an ear. In addition to the time donated, I could never be more grateful to have her in my corner. She has helped me out in ways unimaginable. Once again I would just like to thank everyone who helped in my time of need, it was very much appreciated. Have a great day!

Sincerely,

Edward Sutherlin II
